Water and Sewer Development

Water Management Act Compliance

These fees apply to the administration, assessment and approval of proposed building and land development with Council's water and sewer supply areas under the *Water Management Act 2000 (NSW)* only. They include the

Name	Year 19/20 Fee (incl. GST)	Year 20/21 Fee (incl. GST)	GST	Fee Type
------	----------------------------------	----------------------------------	-----	----------

Water Management Act Compliance [continued]

preparation and issue of a Section 306 Notice of Requirement and Section 307 Certificate, which states whether a development complies with the Local Water Utility requirements under the *Water Management Act 2000 (NSW)*.

s306 – Notice of Requirement – Minor – per Development	\$35.00	\$37.50	N	B
s307 – Certificate of Compliance – Minor – Class 1 and 10 Buildings – per Development	\$35.00	\$37.50	N	B

For the purpose of issuing a Certificate of Compliance under s307 of the *Water Management Act 2000 (NSW)* minor impact developments include class 1 (standalone dwellings) and class 10 buildings, using the definition of the Building Code of Australia.

S306 – Notice of Requirements – Moderate – per Stage / per Development	\$114.50	\$117.50	N	B
s307 – Certificate of Compliance – Moderate – per Stage / per Development	\$114.50	\$117.50	N	B

For the purpose of issuing a Certificate of Compliance under s307 of the *Water Management Act 2000 (NSW)* moderate impact developments are considered those requiring connection to Council's existing water and sewer supply systems and usually involve headworks charges; for example dual or tri-occupancy dwellings, minor subdivisions requiring additional or extension to existing mains but no other supply infrastructure and industrial or commercial developments.

s306 – Notice of Requirement – Major – per Stage / per Development	\$275.00	\$282.50	N	
s307 – Certificate of Compliance – Major – per Stage / per Development	by Quotation		N	B

For the purpose of issuing a Certificate of Compliance under s307 of the *Water Management Act 2000 (NSW)* major impact developments are considered those requiring increases in the size of existing water and sewer infrastructure or construction of new or upgraded infrastructure, such as pump stations and/or reservoirs to adequately service the development. For example medium/high density multi occupancy dwellings and subdivisions requiring engineering professionals.

Final fee dependant upon type and complexity of infrastructure and number of inspections required. This information is outlined in the Notice of Works.
