## Principal Certifier (PC) Terms & Conditions

### Application for an Occupation Certificate (OC)

#### Description of services

The Certifier will, on behalf of the Council, perform all work necessary to comply with relevant statutory requirements and to facilitate the timely determination of the application, including:

1. Provide a blank copy of an OC application form to the Client.
2. Conduct an inspection of the development and prepare a record of the inspection.
3. Assess whether the application satisfies the requirements of the EP&A Regulation, including whether any pre-conditions of the development consent or CDC which are required to be met before an OC may be issued, have been met and (where building work has been carried out) whether the work is not inconsistent with the Development Consent.
4. Determine the application and prepare a notice of the determination.
5. If the certificate is granted, prepare and issue the OC.
6. Retain on the Council record all documents as required by the EP&A Regulation.

### Application for a Compliance Certificate

#### Description of services

The Certifier will perform, on behalf of the Council, all work that is necessary to comply with relevant statutory requirements and to facilitate the timely determination of the application, including:

1. Conduct an inspection of any building work or subdivision work, if necessary.
2. Where appropriate, ascertain if a development consent or complying development certificate is in force with respect to building work or subdivision work which is the subject of the application.
3. If the Certificate is granted, prepare and issue a compliance certificate

### Compliance functions

The Certifier, will take such steps appropriate, to address any of the following matters relating to the development:

- a. non-compliance with the development consent
- b. the carrying out of work without development consent
- c. an unauthorised use of a building
- d. a breach of a law relating to the carrying out of work or the use of the land
- e. a threat to the safety of a person or a person's property
- f. any other matter he or she considers to be in the public interest to address.

The Certifier may:

- g. attend the site or nearby properties to inspect any issue of concern relating to the development
- h. confer with any person in relation to any issues of concern
- i. cause correspondence to be issued to any person
- j. refer any matter of concern to such persons or authorities considered to be relevant to any matter,
- k. issue notices or orders under section Division 9.3 of the EP&A Act

### Service Provided & Responsibilities of the Certifier

The Certifier has a range of functions, including:

- a. Ascertaining, before any building work has or subdivision work commences, that a construction certificate or complying development certificate has been issued for the work;
- b. Ascertaining, before any residential building work commences, that the principal contractor for the work is the holder of the appropriate licence and is covered by the appropriate insurance, in each case if required by the *Home Building Act 1989*, unless the work is to be carried out by an owner-builder;
- c. Where the work is being carried out by an owner-builder, ascertaining that the owner-builder is the holder of any owner-builder permit required under the *Home Building Act 1989*, before the owner-builder commences on the site any residential building work;
- d. Carrying out critical stage inspections of the building work or subdivision work as prescribed by the *Environmental Planning & Assessment Regulation 2000* (EP&A Regulation) or required by the Certifier, or

## Principal Certifier (PC) Terms & Conditions

ensuring that the inspections have been carried out by another certifying authority before issuing an occupation certificate or subdivision certificate for the building or work;

- e. Ensuring that any preconditions required by a development consent or complying development certificate are met for the work before the issue of an occupation certificate or subdivision certificate.

And will:

- a. Make a written record of the inspections and provide a copy to the relevant owner and/or applicant via electronic transmission (e-mail).
- b. Advise the Client of the details of the work the subject of an unsatisfactory inspection and the need (if any) to carry out a reinspection.
- c. Notify the Client if any additional fees for inspection are required as a result of unforeseen contingency work or reinspection for incomplete or defective works. Fees will be levied and invoiced in accordance with Council's Fees and Charges and *Building Professionals Regulation 2007*.
- d. Issue determinations for OC's and subdivision certificates.

## Responsibilities of the Client

The Client agrees to:

- a. Pay all fees for services provided by the Certifier or such fees and charges as required by another Authority, e.g. Fire & Rescue NSW.
- b. Ensure all notifications / arrangements are made for Council to carry out inspections of the building works at various stages indicated in the Development Consent/ Construction Certificate/ Complying Development Certificate and in accordance with the Conditions of this Agreement.
- c. Ensure that building work is ready for inspection by 9.30am on the day of inspection. Note: Should a specific inspection time or site access be required this may be arranged, subject to availability, by speaking with the relevant Council Accredited Certifier between 9.00am and 9.30am on the day of the inspection. Where a reinspection is required as a result of defective or incomplete works the Client shall make payment of the appropriate reinspection fee as prescribed in Council's Fees and Charges at Council's office.
- d. Where an inspection is required, the Client must ensure the relevant stamped approved plans and specifications, and other required details are on-site and/or available to the Certifier. For example, where a timber floor, roof or wall frame inspection is required the relevant information must be provided such as roof truss specifications, tie-down and joint schedules, roof and wall bracing plans and specifications, wall insulation specifications, timber sizes schedules and the like.
- e. Before booking a final inspection and/or Occupation Certificate for a BASIX affected building, the Client must submit to the Certifier a self-certification attesting to compliance with Basix.
- f. Before booking a final inspection and/or Occupation Certificate for commercial buildings the Client must submit to Council all documentation required to be provided/submitted as part of the Development Consent/Construction Certificate or Complying Development Certificate requirements.
- g. Ensure that the erection of the building and/or works are complete and ready for inspection in accordance with the Development Consent/ Construction Certificate or Complying Development Certificate.
