Five Extreme	Bucket and watering can only between 4pm to 6pm Sundays only	BANNED	BANNED	BANNED	BANNED

Odds and Evens explained – if your street number is odd you can water on odd numbered days, if it is even you can water on even numbered days. If the street number is a number range, the first number in the range determines odds or evens and if your property does not have a number, but a name you can water on even days. All watering must be in accordance with the restrictions applicable to the level in place.
